

I Found It All In The Cross

Empty and Broken I wandered alone
Darkness had shadowed my mind
Life's situations demanded solutions But answers were so hard to find

In the midst of confusion, my only conclusion
Was surely all would be lost
Then I found the answer, The Hope, I had searched for
Was waiting for me in the Cross

I found it all in the Cross
I found it all in the Cross
Light and Salvation for a soul that was lost
I found it all in the Cross

In The Cross In The Cross
I found what my soul had longed for
A heart that was broken now has been healed
A life that was empty now has been filled
Light and Salvation for a soul that was lost
I found it all in the Cross

Light and Salvation for a soul that was lost
I found it all in the Cross
